News Release regarding information flyers in Multiple Languages:

Your community library is a place of discovery. With your King County Library System card, you'll be amazed at what you find. Your library has:

- Computers for study, writing, and Internet access
- Books, magazines, music on compact disk and cassette, books on tape, and videotapes. Many of these are available in languages other than English.
- Classes to teach you a variety of computer skills
- Story times for children and families
- Free programs for children, teens, and adults: book discussion groups, guest authors, children's theatre workshops and more.
- Newspapers, reference materials, and online databases for you to use.
- Meeting rooms for community events; voter registration forms and tax forms
- Places to study, read, and do homework

Your KCLS library now has information about library services in seven different languages: Hmong, Punjabi, Russian, Somali, Spanish, Ukrainian and Vietnamese. An easy-to-read brochure, "Welcome to Your Library" will help you learn to use the free services and programs at your public library. "Raising Readers" gives parents ideas for helping their young children learn what they need to be ready for school. "Welcome" and "Raising Readers" are also available on audio cassette, so you can listen to the information in your home language. These translations were developed as part of a special grant program through the Puget Sound Educational Services District and the King County Library System.

For a copy of the brochure, or to borrow the audiocassette, contact your local KCLS Library (list of libraries and phone numbers below), call the KCLS Answerline at 1.800.462.9600 or call 425.369.3452.
